

Investing In Results (8000)

Revised March 2016

By donating to the *Investing in Results* general fund, you are investing in proven programs that are changing lives. We are helping children start school ready to succeed, giving families financial literacy skills to care for themselves and their children, and collaborating on projects to help residents be safer and healthier in their own homes and neighborhoods.

Your investment, combined with thousands of others, makes the greatest possible impact in improving lives – not just today, but for generations to come.

You may choose to support the general fund, overseen by local volunteers who review programs, understand and prioritize community need and ensure your donation does the most good – or you may choose one or more of the specific *Investing in Results* focus areas:

(8409) EDUCATION

Increase high school graduation rates and post-secondary achievement by providing programs that increase every child's chance for success and school, work and life.

(8410) INCOME

Increase the financial stability of low-income families by providing programs that help families succeed in sustaining employment, accessing income supports, obtaining affordable housing, managing a budget and increasing savings.

(8408) HEALTH

Increase the number of youth and adults who are healthy and avoid risky behaviors by providing programs designed to improve health of children, youth and adults.

(8411) HOMELESSNESS

Prevent hunger and alleviate homelessness by providing supportive services to low-income and homeless individuals and families, including case management, access to community resources and mainstream public benefits.
