

Investing In Results (8000)

By donating to the **Investing in Results** general fund, you are investing in proven programs that are changing lives. We are helping children start school ready to succeed, giving families financial literacy skills to care for themselves and their children, and collaborating on projects to help residents be safer and healthier in their own homes and neighborhoods.

Your investment, combined with thousands of others, makes the greatest possible impact in improving lives – not just today, but for generations to come.

You may choose to support the general fund, overseen by local expert volunteers who review programs, understand and prioritize community need and ensure your donation does the most good – or you may choose one or more of the specific **Investing in Results** focus areas:
