October 2017

Attached is a list of projected Architectural/Engineering and Construction Projects that Orange County Government has tentatively planned to advertise for bid in Fiscal Year 17/18. All of these projects are contingent on the availability of funds, and may or may not be advertised for bid in this fiscal year.

In order to be notified by e-mail when these opportunities are advertised, you must register on the County's [Vendor Registration System](#). When you sign up to use the County's Vendor Registration System, you are agreeing to accept the County's terms of use as part of your registration process. Please read the Memorandum of Agreement, which you will see when you start the registration process. Also, please note that it is important that you update this system whenever you have a change in your company's information. This will insure that you continue to receive proper notices regarding County solicitations.

If you receive a notification of an IFB/RFP opportunity from the County's Vendor Notification System, and you intend to compete for the opportunity, it is important to register as a Plan Holder in the system. Being a Plan Holder means that you have viewed (downloaded) one or more solicitation documents and that you intend to bid on them. As such, your name is added to the Plan Holder list associated with these solicitations. This is the only way to ensure that you receive any associated updates or addenda to the IFB/RFP.

If you have questions about Vendor Registration or being registered as a Plan Holder, please call the Procurement Division at 407-836-5635.
