Walgreens

Treatment Subcommittee

Objectives:

- 1) Review current admission data, treatment services (to include drug court) and recovery support services available in the community (public and private) and on campuses regarding heroin and prescription opioid abuse
- 2) Review medication-assisted treatment and behavioral treatment options for heroin and prescription opioid abuse and look at best practices that increase access to services
- 3) Examine training needs for the treatment community regarding medication-assisted treatment, Screening, Brief Intervention and Referral to Treatment (SBIRT) and other clinically proven models
- 4) Work with Orange County Corrections on access to treatment or “treatment readiness” in jail and treatment planning/transition to access care in the community

Treatment Subcommittee

Objectives:

- 5) Work with the other subcommittees on strategies to share de-identified data regarding heroin and prescription opioid abuse to assist in tracking drug trends and direct resources in the community
- 6) Work with the Healthcare subcommittee to discuss best practices that bring pain management physicians and psychiatrists and treatment providers together to discuss pain management and addiction
- 7) Review local use of the Prescription Drug Monitoring Program (E-FORCSE) and explore options to increase access
- 8) Work with the Education and Prevention subcommittee on creating user-friendly flyers/handouts/webpage information on how to access treatment and locate treatment and recovery support services in the community and on college campuses

Treatment Subcommittee

Proposed Recommendation:

- **Advocate for Increased Funding for Detox Beds and Ambulatory Detox for heroin addicted patients**
 - Work collaboratively to identify additional funding opportunities for detox beds and/or ambulatory detox through federal, state or local funding
- **Increase Education for Ambulatory Detox for medical professionals and clinicians working with heroin addicted patients**
 - Education on type of patients appropriate for treatment and support services required for safety of patient and successful treatment

Treatment Subcommittee

Proposed Recommendation:

- **Increase Communication and Access to Medication-Assisted Treatment** options and Naloxone to medical providers and family members for those addicted to heroin
 - FDA approved medications for opiate addiction: buprenorphine, methadone and extended-release injectable naltrexone
 - FDA approved naloxone administration devices: auto-injector or nasal spray

Treatment Subcommittee

Proposed Recommendation:

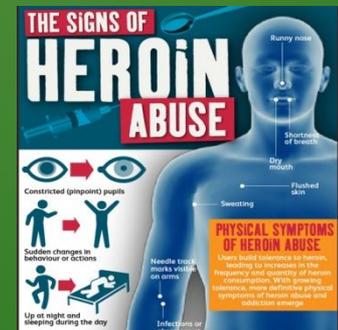

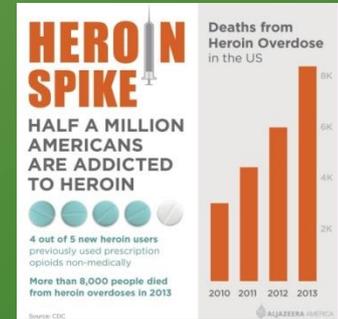

- **Create a Comprehensive List of Substance Abuse Providers (public and private)** in Orange County via web, social media, and print format
 - Ensure providers list is distributed to the Heart of Florida United Way 211 Call Center
- **Propose Contract Condition for Substance Abuse Treatment Providers to Register with 211** for the Florida Department of Children and Families substance abuse service contracts and Orange County Government
 - 211 registration process is free for providers
 - Free and confidential service that operates 24/7 for community members when seeking social services

Treatment Subcommittee

Proposed Recommendation:

- **Expand Data Collection to include Treatment Admissions for heroin addicted clients** from public and private providers
 - Number of treatment admissions
 - Utilization of services
 - Need in the community
- **Develop User-Friendly Informational Handouts and Web content** as part of a comprehensive educational strategy on how to access treatment and recovery support services
 - Goal: Combat the stigma, Addiction is a brain disease & Seek treatment

Treatment Subcommittee

Proposed Recommendation:

- **Review Capacity for Transitional Housing and Zoning Guidelines in the Central Florida Area** for individuals coming out of a residential treatment setting in the community
 - Look for opportunities with faith-based organizations regarding transitional or permanent housing models for those in recovery
- **Facilitate an Ad Hoc Committee to “keep the fire burning”** beyond the function of task force through continued commitment to building relationships within the stakeholder community
 - Opportunity for stakeholder to call meeting when confronted by a systemic and/or consumer based issue for processing and strategizing resolutions
