

MONTHLY NEWSLETTER - APRIL 30, 2024

Orange County Government received \$219 million in federal disaster recovery funding (CDBG-DR funds) to help communities in hard-hit areas recover from Hurricane Ian. On January 17, 2024, Orange County submitted the final CDBG-DR Action Plan, which outlines the proposed use of funds over the period on next 6 years, to the U.S. Department of Housing and Urban Development (HUD). HUD approved the County's Action Plan in March of 2024. In hopes of staying connected, Orange County aims to provide our residents and community partners with the most up to date details as the County moves forward with implementation of the CDBG-DR program.

To do so, we will be sending out a monthly newsletter, containing the latest CDBG-DR information and updates. The newsletter will come out on the last calendar day of each month. In the next few days, you will also be able to access the newsletter on our website listed below. We encourage you to share this information with your friends, family, colleagues, and anyone else who, you believe, might benefit from it.

CDBG-DR ACTION PLAN OVERVIEW

Orange County submitted their CDBG-DR Action Plan to HUD on **January 17, 2024**.

HUD approved Orange County's CDBG Action Plan on **March 14, 2024**.

In the Public Action Plan, Orange County staff detailed their comprehensive analysis of housing, infrastructure, public services, and economic development needs that remain unmet as a result of Hurricane Ian's impact on the County. More specifically, County staff used FEMA and SBA data related to filled claims for public and individual assistance, as well as insurance claims, to determine unmet needs related to housing and infrastructure damage. The FEMA and SBA data were supplemented with information received from community partners and stakeholders, Orange County departments and divisions, local jurisdictions, and County residents.

The input was also collected through several focus group meetings, a citizen participation survey, and thirteen (13) community meetings held in various locations throughout Orange County.

Community Meeting Results

Orange County held 13 community meetings around target impacted areas in all 6 districts in the County to ensure residents and community representatives could provide staff with their direct feedback.

At these community meetings, participants were given a brief overview of the program and an opportunity to ask questions for staff. Each meeting had breakout sessions, interactive discussions, and survey questions for attendees to engage with the CDBG-DR planning process. In addition to serving as an outreach platform, these meetings provided the County with an opportunity to focus on community-specific issues and challenges.

Below are the identified priorities community members advocated for during these community meetings:

Identified Priorities	Priority Details/Activities	# of Responses	%
Housing	New construction Rehabilitation & Reconstruction Homeowner assistance Rental assistance Other	145	45%
Infrastructure	Public facilities Drainage/Utilities	131	41%
Public Services	Mental/Health Services Legal assistance Housing stability services	39	12%
Economic Revitalization	Loans and grants for businesses Business retention	8	2%
TOTAL		323	100%

Stakeholder Focus Group Results

Additional outreach and engagement efforts were conducted to solicit input from our non-profit agencies, advocacy groups and other stakeholders. Staff held two virtual focus group sessions, online questionnaire surveys and phone interviews with more than 40 non-profit organizations.

PROPOSED USE OF CDBG-DR FUNDS

Based on the unmet needs analysis (using FEMA and SBA claims data) and input from residents of impacted communities and internal and external stakeholders, Orange County has prioritized several programs that will assist in meeting short- and long-term recovery needs. Through research and analysis, the County indicated that the most severe recovery needs are related to housing and infrastructure.

To address these needs, Orange County plans to utilize CDBG-DR funds to support the following programs and activities:
