

Roadway Improvements on Rock Springs Road

From Welch Road to Lester Road

Issue #1: June 2026

Project Website

<https://bit.ly/ocrocksprings>

Project Summary

Orange County is designing planned improvements for Rock Springs Road aimed at enhancing safety and improving traffic flow in the area, particularly near the Publix North entrance. Improvements include a new traffic signal and additional turn lanes at the plaza entrance on Rock Springs Road. New pedestrian crosswalks are also planned for the intersection.

The project will lengthen the existing traffic separator north of the Publix entrance. Rock Springs Road will also be resurfaced between Welch Road and Lester Road. These improvements are designed to enhance safety and traffic efficiency while supporting the long-term functionality of the corridor.
